★ MESSAGE FROM THE FOUNDER ★

Darbi Boddy
Founder & CEO

Across Ohio, parents and community members are stepping up to ensure their voices are heard. Access Ohio continues working to empower parents, strengthen families and preserve traditional American values to ensure a brighter future for our children.

This month we are focusing on empowering citizens with the information they need to boldly confront the indoctrination in public education.

★ COMMUNITY SPOTLIGHT ★

Butler County residents recently gathered for a community event hosted by Marcell Strbich to discuss how he would keep our election integrity a top priority if he was elected to the Secretary of State position.

The event highlighted practical steps for ensuring secure elections, understanding Ohio laws and ensuring his part in stopping waste, fraud and abuse by working with his opponent and others and unifying for the good of Ohio.

It was inspiring to see strong support and community members come together, to strategize on the best actions plan to protect futures and election integrity.

★ FEATURED ACTIONS ★

PROTECTING OUT STUDENTS IN EDUCATION

Actions Taken This Month:

- Darbi Boddy met with Vivek Ramaswamy's team in Columbus and discussed SEL and how to turn over school boards. She also went to DC and learned about running a 501c (3). More discussion in May.
- Darbi contacted the Republican House Reps about Medical Freedom bills that offer this.
- She exposed a teacher for helping provide students with t-shirts that said, "Renee Good and Alex Pretti paid with their lives, I can pay with detention," and "ICE OUT" on the back.
- Darbi made several videos exposing Marxism in public education and gave a presentation for Protect Ohio Children on the NEA and Marxism.
- Darbi Exposed the walkouts at Lakota and captured a student
